

Decoration Ideas

PHOTO BOOTH

To add to the fun of the event, set up a photo booth. For a backdrop, use colorful tablecloths purchased at a dollar store. If you have a décor theme for your Sunday school rooms for the quarter, consider incorporating additional décor items in the photo backdrop.

Photo booth props can be found at www.orientaltrading.com or Amazon. (Google: “make your own photo booth props.”)

Encourage parents to take a photo with their phones or have a volunteer take pictures so you can later send the photos by email to parents as a thank you for attending the open house. (You’ll also use this activity for the scavenger hunt.)

“ABOUT OUR CHURCH” BULLETIN BOARD

Designate a bulletin board with an “about our church” section. In the weeks leading up to Open House, invite students to write notes about their class, the church, or where they feel God is calling them to serve in the church. Post pictures of classes, teachers, and students. This bulletin board can be featured in a main area outside the classes or as a special bulletin board in each classroom. (You’ll also use this activity for the scavenger hunt.)
